

Nine Man Morris

(A game for two players)

Equipment: game board, nine men for each player (we use red and white beans)

Object: To remove your opponents markers from the board. The player who ends the game with the most men remaining on the board wins.

To Play: Each player takes turns placing his markers at intersecting lines. When one player builds a "mill" by placing three men in a row, he may remove one of his opponents men. After all nine men have been played, each player then slides one marker to any adjacent intersection of lines.
